

CMI PUBLIC SCHOOL, CHALAKUDY

Dear Parents,

Date: 23/08/2022

As per the request made by some of the parents, we have enquired about the LIVE GPS TRACKING AND ATTENDANCE ALERT SYSTEM for the school buses. This works with the help of a device that gives alerts to parents in the form of messages so that parents can track the movement of their wards while they travel in the school bus. The parents will get information on when their ward will reach and leave the school and also when they board and deboard the bus from their respective stops. This is done with the help of a RFID card that has to be swiped by the student while they board and deboard the school bus.

The cost of the RFID card will be Rs 100 for each student .Apart from the RFID card there will be a cost of Rs 60 per month for each student as service charge (including alerts) by the company. We would like to know if you are interested in implementing this system and willing to meet the above expenses.

Please tick in the box given below

Yes, I am willing to meet the expense.

No, I am not willing to meet the expense.
